

Audited Readership Means MONEY!

In September of 2016, **The Monadnock Shopper News** completed an audit survey by the Circulation Verification Council, a third-party auditing company. The purpose was to ensure that our advertisers are receiving everything they are paying for.

This survey also shows how much money our readers are going to spend during the next 12 months for many different items. (See answer #8 on Readership study sheet in our audit.)

To find out how much money is going to be spent for items in your business, just follow the sample below and fill in the blanks.
